“To be a Great Medical Practitioner,
be a Good Listener”

ABOUT ADICHUNCHANAGIRI UNIVERSITY

ACU: Bridging Tradition and Innovation in Education

Nestled amidst the landscapes of Karnataka, Adichunchanagiri University (ACU) stands as a luminous beacon of knowledge. Established in 2018, ACU transcends the boundaries of a mere academic institution; it embodies a spirit of transformation and continuous progress.

This multidisciplinary private university owes its genesis to the profound vision of the revered Jagadguru Sri Sri Sri Dr. Balagangadharanatha Mahaswamiji, the 71st Pontiff of Sri Adichunchanagiri Mahasamsthana Math. Inspired by a noble dream, he envisioned a dynamic learning hub that fosters not only intellectual growth but also equips students with valuable skills. Equally important, ACU strives to preserve India's rich cultural and spiritual heritage, ensuring a holistic educational experience.

This pioneering effort ensured that education became accessible to all, regardless of their social or economic background. This commitment to educational equity continues to be a cornerstone of ACU's philosophy, with the current leader, the Honourable Chancellor Jagadguru Sri Sri Sri Dr. Nirmalanandanatha Mahaswamiji, the 72nd Pontiff, Sri Adichunchanagiri Mahasamsthana Math playing a pivotal role in uplifting underserved communities. ACU aspires to be a torchbearer for accessible, high-quality education, empowering every student with the potential to excel and reach their full potential.

The sprawling 67-acre campus at BG Nagara exemplifies ACU's dedication to fostering holistic learning and personal development. Situated just outside the bustling city of Bangalore on National Highway No. 75, the campus beautifully blends state-of-the-art infrastructure with a landscape teeming with lush greenery. This unique environment fosters a vibrant academic community where students can not only excel in their chosen fields but also forge lasting connections with peers and faculty.

AIMS: A PREMIERE INSTITUTION FOR CUTTING EDGE MEDICAL EDUCATION & TRAINING

Establishment of AIMS

Adichunchanagiri Institute of Medical Sciences (AIMS), a four decade old prominent institution for medical education and healthcare in Karnataka, was established in 1986 under the guidance of Sri Sri Sri Dr. Balagangadharanatha Mahaswamiji and is currently under the leadership of Sri Sri Sri Dr. Nirmalanandanatha Mahaswamiji.

Location and Affiliations

The institute is located in BG Nagara, near the sacred Sri Adichunchanagiri Kshetra and was earlier affiliated to Mysore university, Mysuru and later affiliated to Rajiv Gandhi University, Bengaluru till 2017. With the establishment of Adichunchanagiri University (ACU) in 2018, AIMS is a constituent unit of ACU.

About AIMS

AIMS was founded with the mission to provide high-quality medical education and healthcare services to underserved rural populations. The institution offers comprehensive programs that prioritize academic excellence and community-oriented healthcare. The founders recognized the need for medical professional who are both technically proficient and dedicated to serving rural communities, making AIMS a respected name in the medical education field, the institute offer comprehensive medical services and serve as a teaching hospital to benefit both patients and students.

BRIDGING MEDICAL EDUCATION AND RURAL HEALTHCARE EXCELLENCE

KEY FEATURES OF AIMS

State-of-the-Art Infrastructure at AIMS: Fostering a Premier Learning Environment

The infrastructure at AIMS supports a conducive learning environment with modern classrooms, well-equipped laboratories, a state of art library, advanced research facilities aesthetically designed Skill and Simulation center and centrally air-conditioned 2000 seating capacity auditorium with advanced AV aids.

AIMS Faculty: Merging Youthful Energy with Seasoned Expertise in Medical Education and Research

The teaching faculty at AIMS features a unique blend of youthful energy and seasoned expertise, actively engaged in pioneering research, patient care, and the delivery of globally recognized medical education to both undergraduate and postgraduate students. All faculty are trained in e-content development and delivery with most faculty having undergone training in medical education technologies (BCME & ACME)

The Motto of AIMS

The Mission of the institute has been to provide outstanding educational experiences to the students through digitally enabled innovative teaching technologies, competent facilitators and supportive infrastructure that transforms today's students to tomorrow's confident, socially responsible health care providers.

AIMS VISION & MISSION

Vision

- To be a center of excellence with emphasis on socially meaningful medical education, research and healthcare

Mission

- To provide outstanding educational experiences to the students through competent facilitators and supportive infrastructure and cutting edge technology
- To provide comprehensive, cost effective, community oriented quality health care services to the society.
- To facilitate community relevant quality research studies and research training programmes to the students and faculty by providing stimulating environment that nurtures original thinking.
- To inculcate value systems and ethical principles of righteousness, honesty, integrity, dignity and professionalism among students, staff and other stakeholders enabling them to serve with social justice and equity.
- To promote creative thinking, innovative approaches and entrepreneurial skill developments among the learners to foster regional, national and global competencies.

ADICHUNCHANAGIRI HOSPITAL & RESEARCH CENTRE (AH & RC) AN INTEGRAL COMPONENT OF AIMS'S HEALTHCARE AND RESEARCH ENDEAVORS

- Established in 1990 to serve underprivileged and rural communities with quality tertiary care.
- Functions as the teaching hospital for Adichunchanagiri Institute of Medical Sciences (AIMS), providing a robust platform for MBBS and Postgraduate (PG) medical training.
- 1120-bedded hospital with a wide patient base, enabling extensive clinical exposure for students.
- Collaboration with major government schemes for cost effective patient management.
- Equipped with advanced medical infrastructure and a Central Laboratory for real-time diagnostics and case-based learning.
- Features 13 modular operation theaters and a 120-bed ICU, giving students hands-on experience in critical care and surgical procedures.
- Offers 24/7 Emergency Medicine and ambulance services, enhancing training in emergency and trauma care.
- Provides a wide range of super specialty departments for rotations and case studies, including Neurosurgery, Urology, Plastic Surgery, Cardiology, Oncology, Nephrology, Endocrinology, Gastroenterology, Rheumatology, Paediatrics surgery and Critical care Medicine.
- Access to diagnostic and therapeutic facilities such as CATH Lab, MRI, CT Scan, Digital X-Ray, Echo, Fundus Camera, supporting integrated clinical learning.
- Facilitates bedside learning, clinical case discussions, and real-time procedural training, shaping students into skilled and empathetic medical professionals.
- Well established clinical trial center
- Operating a thriving Cath Lab within the Cardiology Department and others super specialty services
- Services featuring a Dialysis unit, as well as departments for Rheumatology, Diabetology, Medical Oncology, and Surgical Oncology, Plastic Surgery
- AIMS boasts a high pass percentage, reflecting its commitment to academic excellence and consistently achieving successful graduate outcomes.
